

Cable Despatches.

Paris, September 17.—Rio Janeiro advices bring the information that Brazil has apologized for her detention of the United States war vessel Wasp.

London, September 14.—The press of this city variously comment on the recent speech of Napoleon at Châlons. The following words were made use of by the Emperor on that occasion: "I will say nothing more, as public prints are sure to draw prophecies of war, however moderate my words may be."

The Times has a long article on American affairs this morning. The writer believes the American Minister (Mr. Johnson) has a *carte blanche* from his Government to settle the Alabama claims difficulty, and says the case itself presents little trouble. The only difficulty is the reluctance of the American Government to settle the difficulty growing out of war resentments. No American statesman can believe that the Alabama escaped with the concurrence of Great Britain. There might be a question of inadequate laws, making England answerable; but this could be easily settled. The real grievance of the United States was the indifference of England in the civil war, and her willingness to see the Union dissolved. Of this Americans were conscious at the time, and they remember it keenly now. They think we should have had an active sympathy with the North, and that the Confederacy, based upon human slavery, should have been at once condemned. They think the Republican party was the friend of England, and that it was wrong to have doubted the success of the Federal arms. After all, the anger of Americans was due to a consciousness of England's want of sympathy in their peril. Sewall had refused a handsome offer of settlement, which should be credited to England; but he now cuts the past adrift, as the thing is as good as settled. Legal points will not stand in the way, and the only thing to ascertain is the responsibility of England, and to fix the proper indemnity.

London, September 17.—Many women have applied to register. Under the new law, a case was made for the court, which decided adversely to the women's claim, because Parliament refused to strike out the word "man," from the law, and insert "person."

News Items.

Augusta, Maine, September 17.—Three hundred and forty-six towns give the Republicans a majority of 21,000. The remaining townships of the State—114 in number—will probably increase this vote 1,000—making the Republican majority 22,000.

Baltimore, September 17.—Confederate Colonel H. M. Buckley, formerly of Virginia, committed suicide by taking morphine, after losing \$1,000 at "faro."

Savannah, September 17.—John E. Hayes, editor of the *Republican*, died yesterday.

Affairs in Washington.

Washington, September 17.—An unofficial statement of Brownlow's proclamation regarding the militia of Tennessee, has been published. It is merely preliminary, and urges the formation and enrollment of companies, so as to respond promptly to his call. He desires to draw the bulk of the militia from East Tennessee. Thus, it is suggested, having a sectional as well as partisan militia. The doubt of a quorum on Monday increases.

Internal revenue receipts to-day \$214,000.

Custom receipts from 7th to 12th instant, inclusive, amounts to \$3,964,000.

The use of whiskey stamps commences on the 2d of November. The tax on tobacco, snuff and cigars commences on the 23d.

Under the new order, fabrics made exclusively from taxed cotton, will be entitled to a drawback on export; fabrics partly made from taxed cotton, will not be entitled to this privilege.

Schenck thinks there will be a quorum present in time for the September session of Congress.

The revenue collector, at Greenville, Tennessee, reports that he is unable to prevent the illicit distillation of fruit, without military aid. Seizures are sometimes prevented by force. He calls for forty mounted men.

General Haines has been ordered to the duty of Chief Commissary for the Department of the South.

Commodore Greene has been ordered to the command of the Pensacola Navy Yard.

A CARD.

The undersigned, having sold his entire interest in the Hotel known as the "NICKERSON HOUSE," in Columbia, S. C., would take great pleasure in recommending his friends to continue their patronage to the new Proprietors.

Mr. WRIGHT has had charge of the Hotel for us, for a year past, and will continue to have the entire management of the Hotel, under the new arrangement. I feel assured that the House will maintain its former reputation as a first-class Hotel.

T. S. NICKERSON.

Columbia, S. C., September 1, 1865.

September 16

THE QUEEN'S DELIGHT.

THE best and most popular Medicine in use. The Queen's Delight is the great Blood Purifier. The Queen's Delight is a safe Alternative. The Queen's Delight is a certain cure for Diseases of the Blood. The Queen's Delight is the best Liver Invigorator. The Queen's Delight is the medicine for Scrofula. The Queen's Delight is given for Headaches. The Queen's Delight is for Nervous Affections. The Queen's Delight will cure all Skin Diseases. The Queen's Delight will remove Blotches, and Pimples. The Queen's Delight will cure Chills and Fever. The Queen's Delight will cure Cancer and Indolent Tumors. The Queen's Delight will cure Erysipelas and Carbuncles. The Queen's Delight will cure Asthma. The Queen's Delight will cure Bronchitis. The Queen's Delight will cure all Female Complaints. The Queen's Delight will restore the lost Energies of Man. The Queen's Delight will restore the Feeble to Health. The Queen's Delight for Young and Pale-faced Creatures. The Queen's Delight has secured the favor of the People. The Queen's Delight is now the great Family Medicine. The Queen's Delight has been tried, and gives universal satisfaction. The Queen's Delight should be in every Family. The Queen's Delight is the cheapest as well as the best Medicine you can give. The life of the flesh is pure blood. Upon this theory alone the inventor of the Queen's Delight establishes the great hygienic law, without pure blood no flesh is free from disease. The Pale and Shrunken Forms, Yellow Faces, Weak Stomachs, Diseased Livers, Crippled Rheumatics, Nervous Hypochondriacs, Dyspeptic Victims of Headache, so common in this country, is owing entirely to the humors of the blood. Very many other diseases may be traced to a bad blood, Scrofula or King's Evil, Erysipelas, Eruptions on the Face, Elevation, a Rash or Eruption on the Neck, Blotches, Tetters, Goitres or Swelled Neck, Syphilis and Syphilitic Sores, Strumous Ulcers, &c. These cannot be cured without purifying the blood. Now as to the remedy. There is no other blood purifier that will accomplish such positive and extraordinary cures as Heinitsh's Queen's Delight. You may take a barrel of extract of Sarsaparilla, and still you will not be cured, and as a proof of it, look around and you will observe the country, throughout its length and breadth, is doctored with compound Sarsaparilla, extracts and syrups, claiming to be blood purifiers, and yet we see to-day more evidence of impurity of the blood than ever. Why is this? Simply because these extracts and Sarsaparilla are worthless medicines. Ask for Heinitsh's Queen's Delight. This is not the Extract of Stillingia or Queen's Delight, nor is it a Compound Syrup of Queen's Delight, or Sarsaparilla, and Queen's Delight, but simply Heinitsh's Queen's Delight is the trade mark. Ask for this, if you want to be cured, and see that the name of E. H. Heinitsh is on the wrapper. Prepared only by E. H. Heinitsh. Wholesale agents, FISHER & HEINITSH, Columbia, S. C. August 15 4
